1. Suchtgifte gemäß Anhang I der Suchtgiftverordnung, BGBI. II Nr. 374/1997:

| Substanz :                    | Mengen in Gramm : |
|-------------------------------|-------------------|
| Acetorphin                    | 20,0              |
| Acetyl-alpha-methylfentanyl   | 1,0               |
| Acetylmethadol                | 20,0              |
| Alfentanil                    | 1,0               |
| Allylprodin                   | 24,0              |
| Alphacetylmethadol            | 20,0              |
| Alphameprodin                 | 24,0              |
| Alphamethadol                 | 20,0              |
| Alpha-methylfentanyl          | 0,5               |
| Alpha-methylthiofentanyl      | 0,1               |
| Alphaprodin                   | 24,0              |
| Anileridin                    | 13,0              |
| Benzethidin                   | 13,0              |
| Benzylmorphin                 | 20,0              |
| Betacetylmethadol             | 20,0              |
| Beta-hydroxyfentanyl          | 1,0               |
| Beta-hydroxy-3-methylfentanyl | 0,1               |
| Betameprodin                  | 24,0              |
| Betamethadol                  | 20,0              |
| Betaprodin                    | 24,0              |
| Bezitramid                    | 3,0               |
| Clonitazen                    | 3,0               |
| Cocain                        | 15,0              |
| Codein-N-oxid                 | 20,0              |
| Codoxim                       | 20,0              |
| Desomorphin                   | 20,0              |
| Dextromoramid                 | 10,0              |
| Diacetylmorphin, Heroin       | 5,0               |
| Diampromid                    | 24,0              |
| Diethylthiambuten             | 10,0              |
| Difenoxin                     | 0,6               |
| Dihydromorphin                | 20,0              |

## 2. Suchtgifte gemäß Anhang II der Suchtgiftverordnung:

| Substanz:           | Mengen in Gramm: |
|---------------------|------------------|
| Acetyldihydrocodein | 30,0             |
| Äthylmorphin        | 20,0             |
| Codein              | 30,0             |
| Dextropropoxyphen   | 40,0             |
| Dihydrocodein       | 30,0             |
| Ethylmorphin        | 20,0             |
| Nicocodin           | 6,0              |
| Nicodicodin         | 6,0              |
| Norcodein           | 30,0             |
| Pholcodin           | 10,0             |
| Propiram            | 20,0             |

## 3. Suchtgifte gemäß Anhang IV der Suchtgiftverordnung:

| Substanz:  | Mengen in Gramm: |
|--|------------------|
| Amphetamin   | 10,0             |
| Buprenorphin   | 1,0              |
| Dexamphetamin  | 10,0             |
| Delta-9-Tetrahydrocannabinol und dessen stereochemischen Varianten | 20,0             |
| Fenetyllin   | 25,0             |
| Levamfetamin   | 10,0             |
| Levomethamphetamin   | 10,0             |
| Mecloqualon  | 40,0             |
| Methamphetamin   | 10,0             |
| Methamphetamin-Razemat   | 10,0             |
| Methaqualon  | 40,0             |
| Methylphenidat   | 10,0             |
| Pentazocin   | 50,0             |
| Phencyclidin   | 1,0              |
| Phenmetrazin   | 30,0             |
| Secobarbital   | 10,0             |
| Tramadol   | 40,0             |
| Zipeprol   | 40,0             |

## 4. Suchtgifte gemäß Anhang V der Suchtgiftverordnung:
