Any person intending to import or market a pharmaceutical product covered by the above paragraph in a Member State where the product enjoys patent or supplementary protection shall demonstrate to the competent authorities in the application regarding that import that one month's prior notification has been given to the holder or beneficiary of such protection.

3. COMPETITION POLICY

1. The following aid schemes and individual aid put into effect in a new Member State before the date of accession and still applicable after that date shall be regarded upon accession as existing aid within the meaning of Article 88(1) of the EC Treaty:
 - (a) aid measures put into effect before 10 December 1994;
 - (b) aid measures listed in the Appendix to this Annex;
 - (c) aid measures which prior to the date of accession were assessed by the State aid monitoring authority of the new Member State and found to be compatible with the acquis, and to which the Commission did not raise an objection on the ground of serious doubts as to the compatibility of the measure with the common market, pursuant to the procedure set out in paragraph 2.

All measures still applicable after the date of accession which constitute State aid and which do not fulfil the conditions set out above shall be considered as new aid upon accession for the purpose of the application of Article 88(3) of the EC Treaty.

The above provisions do not apply to aid to the transport sector, nor to activities linked to the production, processing or marketing of products listed in Annex I to the EC Treaty with the exception of fisheries products and products derived thereof.

The above provisions shall also be without prejudice to the transitional measures regarding Competition Policy set out in this Act.

 - (b) any other information which is essential for the assessment of the compatibility of the aid measure to be examined,

All aid measures submitted under the procedure described in paragraph 1(c) prior to the date of accession to the Commission are subject to the above procedure irrespective of the fact that in the period of examination the new Member State concerned has already become member of the Union.

3. A Commission decision to object to a measure, within the meaning of paragraph 1(c), shall be regarded as a decision to initiate the formal investigation procedure within the meaning of Council Regulation (EC) No 659/1999 ¹ laying down detailed rules for the application of Article 93 of the Treaty.

This provision shall be without prejudice to the procedures concerning existing aid provided for in Article 88 of the EC Treaty.

The new Member States shall amend any aid deemed to be existing in accordance with the above subparagraph in order to comply with the guidelines applied by the Commission by the end of the third year after the date of accession at the latest.
