A Litvánia által egy nyelven rendelkezésre bocsátott listán szereplő gyógyszerekre a litván jog alapján a csatlakozás időpontját megelőzően kiadott forgalomba hozatali engedélyek a közösségi joggal összhangban történő megújításukig, de legkésőbb 2006. december 31-ig érvényesek.

Az, hogy egy adott gyógyszer szerepel ezen a listán, nem érinti azt a kérdést, hogy a gyógyszer forgalomba hozatali engedélye összhangban van-e a közösségi joggal.
